

How...

do you pay your mortgage...

...when sick
pay runs out?

"To give my family the gift of time is something that I'll never be able to repay. This was the hardest time in my life and to have my employer and the charity support me financially relieved all the pressure. As a family we have lost our Daisy but we will never lose the memories of her last few months. For this there are no words of gratitude that will ever feel enough." > MATHEW CLOW

Employee and Family Support Programme (EFP)

Designed to make an immediate and sustainable positive impact, the Employee and Family Support Programme is our flagship programme, developed specifically for the working heartland of our industry.
