

# How you can help your industries charity with one simple step

**In 2020 we have chosen to support the Electrical Industries Charity, an industry charity specifically for industry people, just like you.**

**The Electrical Industries Charity provide a free and confidential service who need a helping hand.** The EIC's help has no criteria, you just have to have worked within the electrical/energy industry for more than three months.

The EIC rely on donations from the industry and this is where you come in. We have signed up to a new EIC initiative, The Charity Stand Down Hour and we need your help.

We ask that you donate just one hour of your salary to the Electrical Industries Charity to help them to continue their vital work. All you need to do is tell us you want to take part in The Charity Stand Down Hour, and we'll do the rest.

Your donation to The Charity Stand Down Hour is a one-off contribution facilitated through our payroll which 100% will go to the Electrical Industries Charity.

To find out more about the Electrical Industries Charity and what they do please visit [www.electricalcharity.org](http://www.electricalcharity.org) or if you would like to find out more about The Charity Stand Down Hour then please contact [tessa.ogle@electricalcharity.org](mailto:tessa.ogle@electricalcharity.org)
